From the Editor's Desk

Thank you to *JRRD* reviewers

Another successful year has passed for the *Journal of Rehabilitation Research and Development* (*JRRD*), and we have achieved many of the goals we put forward for 2010. We could not have accomplished this without the support of our authors, readers, and reviewers. This year, we would especially like to thank the members of the *JRRD* Editorial Board and the 434 reviewers who dedicated their time, knowledge, and energy toward reviewing each submission and ensuring the continued quality of our content. We will continue to feature single-topic issues in 2011. Currently, an issue on robotics, a section on wound healing, and an issue on upper-limb prosthetics are in production. The *JRRD* Web site has also grown, and this year we added video, podcasting, Spanish versions of the *JRRD at a Glances*, RSS feeds, and slide-shows, all available for free download. Finally, the author index for 2010 will appear in *JRRD* Volume 48, Issue 2.

Thank you to all who volunteer your time and expertise to keep *JRRD* excellent. We hope to continue to expand these relationships and cultivate new ones. As always, we welcome your input. Thank you.

Johanna L. Gribble, MA
Technical Writer-Editor, *JRRD*
