- vii Guest Editorial:
Treatment innovation in behavioral rehabilitation of stroke: Removing limits on recovery
Anna M. Barrett, MD; Leslie J. Gonzalez Rothi, PhD
- xi *JRRD* at a Glance

Scientific/Technical Articles

- 301 Clinical and cognitive predictors of swallowing recovery in stroke
Mae Fern Schroeder, BA; Stephanie K. Daniels, PhD; Maryellen McClain, PhD; David M. Corey, PhD; Anne L. Foundas, MD
- 311 Does motor lateralization have implications for stroke rehabilitation?
Robert L. Sainburg, PhD, MS, OTR; Susan V. Duff, EdD, MS, OTR, LPT
- 323 Treatability of different components of aphasia—Insights from a case study
Diane L. Kendall, PhD; Stephen E. Nadeau, MD; Tim Conway, PhD; Renee H. Fuller, MA, CCC-SLP; Alonso Riestra, MD; Leslie J. Gonzalez Rothi, PhD
- 337 Monocular patching in subjects with right-hemisphere stroke affects perceptual-attentional bias
Anna M. Barrett, MD; Stephanie Burkholder, BA
- 347 Dysphagia in stroke: Development of a standard method to examine swallowing recovery
Stephanie K. Daniels, PhD; Mae Fern Schroeder, BA; Maryellen McClain, PhD; David M. Corey, PhD; John C. Rosenbek, PhD; Anne L. Foundas, MD
- 357 Animal-assisted therapy for persons with aphasia: A pilot study
Beth L. Maccauley, PhD, CCC-SLP, HPCS
- 367 Word-retrieval treatment in aphasia: Effects of sentence context
Anastasia Raymer, PhD; Francine Kohen, MS
- 379 Effects of two treatments for aprosodia secondary to acquired brain injury
John C. Rosenbek, PhD; Amy D. Rodriguez, MA, CCC-SLP; Bethany Hieber, MA; Susan A. Leon, MA; Gregory P. Crucian, PhD; Timothy U. Ketterson, PhD; Maribel Ciampitti, MS; Floris Singletary, MS; Kenneth M. Heilman, MD; Leslie J. Gonzalez Rothi, PhD
- 391 A telerehabilitation approach to delivery of constraint-induced movement therapy
Peter S. Lum, PhD; Gitendra Uswatte, PhD; Edward Taub, PhD; Phillip Hardin, MS; Victor W. Mark, MD

401 Relationships between upper-limb functional limitation and self-reported disability 3 months after stroke
Alexander W. Dromerick, MD; Catherine E. Lang, PhD, PT; Rebecca Birkenmeier, MS, OTR; Michele G. Hahn, MS, OTR; Shirley A. Sahrman, PhD, PT; Dorothy F. Edwards, PhD

409 Influence of intensive phonomotor rehabilitation on apraxia of speech
Diane L. Kendall, PhD; Amy D. Rodriguez, MA, CCC-SLP; John C. Rosenbek, PhD; Tim Conway, PhD; Leslie J. Gonzalez Rothi, PhD
