

CONTENTS

- iii** Masthead
- vii** Guest Editorial:
HHV supports creative expression as rehabilitative tool
Mike Lynch
- xiii** Guest Editorial:
Prosthetic and orthotic resources for communicating in a global village
Edward D. Lemaire, PhD; M. Jason Highsmith, DPT, CP; Wieland Kaphingst, Dipl -Ing
- xxiii** *JRRD* at a Glance
-

Scientific/Technical Articles

- 919** Methods of a multisite randomized clinical trial of supported employment among veterans with spinal cord injury
Lisa Ottomanelli, PhD; Lance Goetz, MD; Charles McGeough, MS; Alina Suris, PhD; Jennifer Sippel, PhD; Patricia Sinnott, PT, PhD, MPH; Todd H. Wagner, PhD; Daisha J. Cipher, PhD
- 931** Evaluation of wheelchair tire rolling resistance using dynamometer-based coast-down tests
Andrew M. Kwarciak, MS; Mathew Yarossi, BS; Arvind Ramanujam, MS; Trevor A. Dyson-Hudson, MD; Sue Ann Sisto, PT, PhD
- 939** Upper-limb joint kinetics expression during wheelchair propulsion
Melissa M. B. Morrow, BS; Wendy J. Hurd, PT, PhD; Kenton R. Kaufman, PhD; Kai-Nan An, PhD
- 945** Thermodynamic rigid cushion loading indenter: A buttock-shaped temperature and humidity measurement system for cushioning surfaces under anatomical compression conditions
Martin Ferguson-Pell, PhD; Hideyuki Hirose, PhD; Graham Nicholson, PhD; Evan Call, MS
- 957** Effect of mobility devices on orientation sensors that contain magnetometers
Cynthia Kendell, BSc; Edward D. Lemaire, PhD
- 963** Pain and pain-related interference in adults with lower-limb amputation: Comparison of knee-disarticulation, transtibial, and transfemoral surgical sites
James Behr, MD; Janna Friedly, MD; Ivan Molton, PhD; David Morgenroth, MD; Mark P. Jensen, PhD; Douglas G. Smith, MD
- 973** Fascicular anatomy of human femoral nerve: Implications for neural prostheses using nerve cuff electrodes
Kenneth J. Gustafson, PhD; Gilles C. J. Pinault, MD; Jennifer J. Neville, MD; Ishaq Syed, MD; John A. Davis Jr, MD; Jesse Jean-Claude, MD; Ronald J. Triolo, PhD

- 985** Can pacing self-management alter physical behavior and symptom severity in chronic fatigue syndrome? A case series

Jo Nijs, PhD, PT; Inge van Eupen, OT; Jo Vandecauter, PT; Els Augustinus, PT; Geerte Bleyen, OT; Greta Moorkens, PhD, MD; Mira Meeus, PhD, PT
