
CONTENTS

- iii Masthead
- vii Guest Editorial:
Underwater treadmill training in adults with incomplete spinal cord injuries
Sandra Stevens, MS; Don W. Morgan, PhD
- ix *JRRD* at a Glance

Scientific/Technical Articles

- 595 New protocol for construction of eyeglasses-supported provisional nasal prosthesis using CAD/CAM techniques
Leonardo Ciocca, DDS, PhD; Massimiliano Fantini, MechE, PhD; Francesca De Crescenzo, IE, PhD; Franco Persiani, Eng, PhD; Roberto Scotti, MD, DDS
- 605 A culturally sensitive Transition Assistance Program for stroke caregivers: Examining caregiver mental health and stroke rehabilitation
Paul B. Perrin, MS; Andrew Johnston, MPH; Bruce Vogel, PhD; Martin Heesacker, PhD; Mercedes Vega-Trujillo, BSOT; Jane Anderson, PhD, ARNP; Maude Rittman, PhD, RN
- 617 Influence of gravity compensation on kinematics and muscle activation patterns during reach and retrieval in subjects with cervical spinal cord injury: An explorative study
Marieke G. M. Kloosterman, PT, MSc; Govert J. Snoek, MD, PhD; Mirjam Kouwenhoven, MD; Anand V. Nene, MD, PhD; Michiel J. A. Jannink, PhD
- 629 An indentation apparatus for evaluating discomfort and pain thresholds in conjunction with mechanical properties of foot tissue in vivo
Shuping Xiong, PhD; Ravindra S. Goonetilleke, PhD; Channa P. Witana, PhD; W. D. Asanka S. Rodrigo, MSc
- 643 Long-term use of custom-made orthopedic shoes: 1.5-year follow-up study
Jaap J. van Netten, MSc; Michiel J. A. Jannink, PhD; Juha M. Hijmans, PhD; Jan H. B. Geertzen, MD, PhD; Klaas Postema, MD, PhD
- 651 Pressure profile similarities between tongue resistance training tasks and liquid swallows
Catriona M. Steele, PhD; Gemma L. Bailey, MHSc; Sonja M. Molfenter, MHSc; Erin M. Yeates, MHSc; Karen Grace-Martin, MA
- 661 Wheelchair axle position effect on start-up propulsion performance of persons with tetraplegia
Orestes Freixes, PT; Sergio Anibal Fernández, PT; Marcelo Andrés Gatti, PT; Marcos José Crespo, MSc; Lisandro Emilio Olmos, MD; Iván Federico Rubel, MD

669 Audiometric hearing status of individuals with and without multiple sclerosis

M. Samantha Lewis, PhD; David J. Lilly, PhD; Michele M. Hutter, MS; Dennis N. Bourdette, MD; Garnett P. McMillan, PhD; Mary A. Fitzpatrick, MPH, ANP; Stephen A. Fausti, PhD
