

REGENERATE CONGREGATE EDUCATE

Second Annual International Symposium on Regenerative Rehabilitation

November 12 - 13, 2012
University Club
University of Pittsburgh
Pittsburgh, Pennsylvania USA

Attendees will:

- Discover integrated laboratory-based approaches to enhance regeneration with clinically available rehabilitation approaches
- Understand the principles of regenerative medicine and how rehabilitation will interface with this state-of-the-art technology for optimal patient recovery
- Participate in novel interactions with clinicians, researchers and therapists through formal and informal networking activities

Who should attend:

Program directors and faculty members of Rehabilitation programs

Scientists and clinicians working in the fields of Regenerative Medicine and/or Rehabilitation and Physical Medicine

Young investigators, clinicians and graduate students with related interests

Featured Speakers:
